Kritika Gaur

FULL-STACK DEVELOPER

I am passionate about developing modern web applications using front-end technologies and exploring AI-based systems. I focus on clean, maintainable code, responsive user interfaces, and practical problem solving. I aim to contribute to real-world software projects while continuously strengthening my technical and backend skills.

PROJECTS

PERSONAL PORTFOLIO WEBSITE

Nov 2025 - Dec 2025

Developed a modern, animated portfolio built with React, Tailwind CSS, and Framer Motion. Features dark/light mode, scroll animations, and responsive design. Implemented smooth UI animations using Framer Motion. Deployed on Netlify with GitHub-based CI/CD.
